They will provide them eventually, but if we want them sooner rather than later (and I believe we do) it would be good to have a request in from the lab director. Let me know if you need my help.

Dave,

Thanks for letting me know. Will they provide the complete data packages or do we need to make a request?

Kelly

R8 results received yesterday; R3 in today. That means we have received all results. Still lacking complete data packages from R3, R8, and Shaw.

Quick question...do you know where we stand on getting results back on Pavillion?

If we did not get our results, I need to call the regions...like right away!

Best to talk later since I have a dinner appointment.

Dave,

(b)(6) privacy

Can you give me a quick call at your convenience?

I just spoke with Fred and am going to be sending a note to the Pls (and will cc you) for some input due COB today. It relates the Harris letter.

I also want to touch base with you on what is going on with Pavillion, status of analysis etc.

I am going on the Chesapeake trip tomorrow so need to get some of these issues resolved today.

We can talk later this evening at your convenience as well.

Thanks.  
Save drive home,  
Cindy
